

To get Back On Track, Indiana must stay ahead of COVID-19. To do this, we will employ a three-pronged approach to detect the virus through robust testing, trace identified cases to prevent its spread, and protect Hoosiers as they return to work and the economy by developing a steady supply line of personal protective equipment.

RAPID DETECTION THROUGH TESTING

- At the outset of COVID-19, Indiana deployed a dozen strike teams to quickly respond to suspected cases in high-risk congregate settings and to test individuals as indicated. These teams will continue to play a vital role in keeping Indiana on track through surveillance, early testing, and cohorting.
- To help in the early detection of new cases, the state is adding 50 testing locations in strategically located parts of the state. These sites will enable over 100,000 more Hoosiers to get tested per month and aid in the early detection of new cases.
- Additional testing sites at hospitals, local health departments, and other facilities will continue, and more sites will be added in the coming weeks.
- Hoosier employers, employees, and consumers can be confident that anyone who is symptomatic for COVID-19, or who is a close contact of a positive individual, will have access to testing.

CONTACT TRACING

- Identifying cases through expanded testing is only part of the plan to stay ahead of COVID-19. Indiana will also aggressively track new cases through a centralized contact tracing program to help stop the future spread of the virus.
- While ISDH, in cooperation with local health departments, has engaged in contact tracing since the first positive case of COVID-19 was reported in early March, centralizing contact tracing moving forward will enable the state to ensure all future cases are handled and data collected in a uniform and timely fashion.
- All Hoosiers who test positive in the future will receive a text, email, and complete a call with one of the more than 500 contact tracers currently being hired. These tracers will identify other Hoosiers potentially at risk and connect them to resources to assist with their quarantine or isolation.

PROTECT HOOSIER EMPLOYEES AND CONSUMERS

- Supplies of personal protective equipment (PPE) are critical for businesses as they resume operations, with masks particularly in demand. The state is working with Hoosier companies that have already converted their lines of work to protective equipment or currently supply such materials.
- The Indiana Economic Development Corporation (IEDC) will lead the development of the Indiana Small Business PPE Marketplace to provide reliable access to PPE for small businesses that need help to comply with safe workplace guidelines.
- Businesses and non-profit entities with less than 150 employees and registered to do business in Indiana will be eligible. More details will be outlined in the coming days.
- \$300 million will be distributed to counties, cities, and towns via a population-based formula from the Coronavirus Relief Fund for reimbursement of COVID-19 expenses. Funds may be used for expenditures caused by the public health emergency as outlined in U.S. Treasury guidelines. If local governments direct any of their allocation for local business, it must be used for PPE at this time. Future program phases are under development.

PROTECT INDIANA'S MOST VULNERABLE

Data has shown COVID-19 disproportionately impacts individuals over 65 years old worldwide, and sadly, Indiana is no different. Over 80% of Hoosiers who have died from the virus are over 65. As we begin to get back on track, we must do so in a way that protects our most vulnerable citizens.

OUR PRINCIPLES TO GET BACK ON TRACK

Governor Holcomb has used data to drive decisions since our first case of the novel coronavirus in early March. That will continue to be our practice as we contemplate a sector-by-sector reset. These are the four guiding principles that will determine if stages to reopen various sectors of the economy will move forward:

1

The number of hospitalized COVID-19 patients statewide has decreased for 14 days

2

The state retains its surge capacity for critical care beds and ventilators

3

The state retains the ability to test all Hoosiers who are COVID-19 symptomatic, as well as healthcare workers, essential workers, first responders, and others as delineated on the ISDH website

4

Health officials have systems in place to contact all individuals who test positive for COVID-19 and complete contact tracing

As we lift restrictions and more people return to work, visit a store or restaurant, and participate in more activities, the number of COVID-19 cases will increase. If we cannot meet these principles, all or portions of the state may need to pause on moving forward, or we may return to an earlier stage of the governor's stay-at-home order.

WHERE WE ARE GOING STAGE 2

BEGINNING MAY 4TH

STAGE 2 MAY BEGIN MAY 4 FOR ALL INDIANA COUNTIES EXCEPT: Cass, Lake, and Marion counties.

STAGE 2 MAY BEGIN ON MAY 11 FOR: Lake and Marion counties.

STAGE 2 MAY BEGIN ON MAY 18 FOR: Cass County.

Please note that local governments may impose more restrictive guidelines.

GUIDELINES FOR ALL HOOSIERS

- Hoosiers 65 and over and those with high-risk health conditions should remain at home whenever possible. This is the population that is most vulnerable to the coronavirus
- Recommend that residents wear face coverings in public settings. Residents also should continue to practice social distancing and good hygiene
- Social gatherings of 25 people may take place following the CDC social distancing guidelines. The coronavirus is often spread among groups of people who are in close contact in a confined space for an extended period of time. This limit applies to such events as wedding receptions, birthday parties, Mother's Day gatherings, and others where people are in close physical contact for extended periods of time
- Essential travel restrictions are lifted; local non-essential travel allowed
- Continue remote work whenever possible

RELIGIOUS SERVICES - MAY 8

- Religious services may convene inside places of worship. There are specific practices that should be considered for in-person services that are driven by social distancing guidelines and protections for those 65 and older and individuals with known high-risk medical conditions. Examples of services include weddings, funerals, and baptisms. See the Revised Guidance for Places of Worship for more complete details

WHAT OPENS

- Manufacturers, industrial operations, and other infrastructure that has not been in operation may open following OSHA and CDC guidelines. General guidance for these industries may be found in this document
- About half of the state's Bureau of Motor Vehicle branches will open with services by appointment only; the remainder of branches will continue to open over the next two weeks
- Public libraries may open according to their own policies and CDC guidelines

WHAT'S OPEN, WHAT'S CLOSED

- County and local governments will make decisions based on their policies and CDC guidelines
- Retail and commercial businesses, including those that have been open for the necessities of life during previous executive orders, may operate at 50% of capacity. Examples include apparel, furniture, jewelry, and liquor stores that have been operating as curbside or delivery only
- Shopping malls may open at 50% capacity with indoor common areas at 25% capacity
- Those who work in office settings are encouraged to continue to work remotely whenever possible but may return to offices in small waves

WHAT OPENS

These business sectors may open a week after the start of Stage 2

- Personal services, such as hair salons, barber shops, nail salons, spas, and tattoo parlors. By appointment only with operational limitations. Employees must wear face coverings, work stations must be spaced to meet social distancing guidelines, and other requirements must be met. Customers should wear face coverings to the extent possible
- Restaurants and bars that serve food may open at 50% capacity with operational limitations. Bar seating will be closed with no live entertainment. Servers and kitchen staff must wear face coverings

- State government executive branch offices will begin limited public services, and employees will begin to return to offices in small waves
- Boating is permitted, but boaters must follow social distancing guidelines
- Visitors to beaches and shorelines must adhere to the social gathering policy and social distancing guidelines

WHAT REMAINS CLOSED

- Individuals are not allowed to visit patients in assisted living/nursing home facilities
- Bars and nightclubs
- Gyms, fitness centers, community centers, and like facilities
- Cultural, entertainment, sports venues, and tourism
 - o This includes museums, zoos, festivals, parades, concerts, fairs, sports arenas, movie theaters, bowling alleys, aquariums, theme parks, recreational sports leagues and tournaments, and like facilities
- Playgrounds, tennis courts, basketball courts, amusement parks whether indoors or outside, tourist sites, water parks, and social clubs
- Congregate settings for seniors, adult day cares remain closed through at least May 31
- Casino operations
- Community swimming pools, public and private
- Residential and day camps
- Campgrounds, except for those living permanently in RVs or cabins

K-12 Educational Institutions

- All buildings, facilities, and grounds for K-12 educational institutions, public or private, will remain closed through June 30, 2020, except for the purposes previously allowed in Executive Orders pertaining to this public health emergency.
- Educational institutions (including public and private pre-K-12 schools, colleges, and universities) may be open for purposes of facilitating distance learning, performing critical research, or performing essential functions, provided that social distancing of 6 feet per person is maintained to the greatest extent possible.
- Educational institutions that were previously closed and are reopening for these purposes must perform enhanced environmental cleaning of commonly touched surfaces, such as workstations, countertops, railings, door handles, and doorknobs. Use the cleaning agents that are usually used in these areas and follow the directions on the label. Provide disposable wipes so commonly used surfaces can be wiped down by employees before each use.
- The Indiana Department of Education, in consultation with the Indiana Department of Health, shall develop guidance for graduation ceremonies, including virtual graduation, drive-in ceremonies, and in-person ceremonies with the number of participants limited to the number allowed in the governor's executive order and provided social distancing requirements are met.
